

PTO/SB/51 (10-05)

Approved for use through 04/30/2007. OMB 0651-0033
U.S. Patent and Trademark Office; U.S. DEPARTMENT OF COMMERCE
Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

REISSUE APPLICATION DECLARATION BY THE INVENTOR		Docket Number (Optional) 63578RE(52856)
<p>I hereby declare that: Each inventor's residence, mailing address and citizenship are stated below next to their name. I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number <u>6,441,736</u>, granted <u>August 27, 2002</u> and for which a reissue patent is sought on the invention entitled</p> <p style="text-align: center;">ULTRA-THIN FLEXIBLE DURABLE RADIO FREQUENCY IDENTIFICATION DEVICES AND HOT OR COLD LAMINATION PROCESS FOR THE MANUFACTURE OF ULTRA-THIN FLEXIBLE DURABLE RADIO FREQUENCY IDENTIFICATION DEVICES</p> <p>the specification of which</p> <p><input type="checkbox"/> is attached hereto.</p> <p><input checked="" type="checkbox"/> was filed on <u>February 6, 2004</u> as reissue application number <u>10/773,810</u> and was amended on _____ (If applicable)</p> <p>I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above. I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.</p> <p><input type="checkbox"/> I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.</p> <p>I verify believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)</p> <p><input type="checkbox"/> by reason of a defective specification or drawing.</p> <p><input checked="" type="checkbox"/> by reason of the patentee claiming more or less than he had the right to claim in the patent.</p> <p><input checked="" type="checkbox"/> by reason of other errors.</p> <p>At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:</p> <p>A broadening reissue is sought. The disclosure describes a process of manufacturing plastic cards. Independent Claim 1 recites steps that are not required to distinguish the invention over the prior art, namely step (d) coating at least one of said outer surfaces of said core with a layer of ink, and step (e) applying a layer of overlaminate film to at least one outer surface of said core. One error relied upon as a basis for this reissue is that steps (d) and (e) were erroneously added to Claim 1 and thus unnecessarily limit the scope thereof. The error arose through a failure to appreciate the full scope of the invention (see MPEP § 1402, 6th paragraph and §1414(II)(A)). New Claims 19-44 remedy this error. A second error relied upon is the failure to make reference to a prior copending application, namely Appln. Ser. No. 09/158,290, filed Sept. 22, 1998 (now U.S. Patent No. 6,214,155) and its ancestors. This second error is also remedied by the reissue.</p>		

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine and imprisonment, or both, under 18 U.S.C. 1001, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.
